About Me

Product professional skilled in roadmap prioritization, end-to-end launches, and turning customer insights into high-impact features. Experienced in driving adoption, retention, and cross-functional collaboration to deliver business growth.

Experience

Product Manager

Feb '24 - March'26

Entytle (AI-driven Installed Base platform delivering customer insights for industrial OEMs) Pune

- Roadmap Prioritization: Drove OEM product roadmap and tradeoff decisions, improving lead-to-quote time by 30% and supporting sales growth.
- Product Lifecycle: Led discovery-to-launch of BOM (Bill of Materials) management capability with 90% adoption in Q1.
- Product Strategy: Redefined pricing for BOM & Quote Agent, boosting conversions by 15%.
- Ownership: Managed five \$2M+ ARR enterprise accounts in a dual PM + CS role, driving retention through QBRs, escalations, and product-feedback loops.
- Data-Driven Decisions: Analyzed market, competitors, and funnel metrics to inform roadmap and innovation.
- Go-to-Market: Launched MVP Asset Audit in 8 weeks, enabling faster asset validation for sales teams.
- Innovation:
 - Delivered two high-impact features optimizing asset lifecycle.
 - Cross-Functional Collaboration: Ran hackathons generating 10+ ideas, 3 shipped to production.
 - Scalability: Standardized rollout and adoption processes across enterprise accounts, reducing time-to-value.
 - Stakeholder Alignment: Partnered with sales, engineering, and leadership to align product priorities with business goals.
 - Communication & Evangelism: Hosted webinars and summits (300+ participants) to showcase enhancements and roadmap.
 - Customer Empathy: Trained 150+ users quarterly, reducing onboarding time by 25%.

Customer Success Manager

Jun '20 - Feb'24

StarApps Studio (builds software for e-commerce businesses powered by Shopify) Pune

- Championed the voice of 5000+ global customers across 5 Shopify apps, translating feedback and usage insights into actionable improvements that informed product direction.
- Drove end-to-end lifecycle success (onboarding, adoption, retention, expansion) for the company's highest revenue-generating apps, ensuring both customer outcomes and product growth.
- Elevated product visibility and adoption, improving app rank from 800 to under 100 on the Shopify App Store in less than six months through customer-driven enhancements and engagement strategies.
- Represented customer needs at scale, selected to showcase company offerings at the annual Shopify Unite Meetup in Melbourne, Australia.

Senior Partner Engagement Specialist

Jan '19 - May '20

HiringPlug (SaaS marketplace providing 'Recruitment-as-a-service')

New Delhi

- Drove end-to-end client success by managing onboarding, adoption, and engagement for 30+ B2B accounts, translating usage insights and client needs into actionable product requirements. Influenced product roadmap
- by identifying and prioritizing top client pain points, partnering with cross-functional teams to validate solutions, and conducting thorough pre-launch testing to ensure high-quality product delivery.
